Subject: Microsoft Settlement

Your Honor,

I am writing to voice my disapproval to the settlement of the Microsoft Anti-Trust Case.

This settlement is insufficient to prevent Microsoft from conducting similar anti-competitive practices that it had been doing for so many years. It does not address the fact that previous court sessions have concluded Microsofts guilt to anti-competitive practices.

I therefore urge you to reconsider the remedies set forth on the settlement and to solicit changes to it so as to prevent Microsoft from conducting business as usual in the future. Most importantly to ensure that the remedies foster and cultivate an atmosphere for future creativity and innovation in the software industry.

Sincerely,

Crispian
